

Announcing a new Award sponsored by the Desert Symposium, Inc. and call for Donations

Robert E. Reynolds Desert Symposium Student Research Award

We are excited to announce that a new award to honor Bob Reynolds has begun to accept donations. The award is to support student research in the desert.

With this award we acknowledge Bob's decades of service to desert sciences, from directing large fossil excavations and exploring for minerals to mentoring numerous students and apprentices. In addition, Bob has been central to holding the annual Desert Symposium for over 30 years, in many cases singlehandedly soliciting contributors, organizing the meeting, and running the field trip. Bob's leadership and service are to be honored by encouraging future research in the desert by promoting student research projects.

How to donate:

We hope to create a large enough fund to provide sustainable support for this award. Please show your gratitude for Bob's work by donating to the Award.

Checks should be made out to: **Desert Symposium Inc. Reynolds Award**

And mailed to:

Bruce Bridenbecker, DSI Treasurer
64451 Brae Burn Ave., Desert Hot Springs, CA 92240
